

## *Springs in Bloom 2009*

Would you like to participate in adopting the above flower bed? IREM #53 has adopted the flower bed on Nevada @ Willamette. We are in need of volunteers to help plant and maintain the bed. Planting will take place between May 15th and June 4th. The bed will need to be maintained through October. We are in need of initial planters and then a rotating maintenance team. Please contact Karen Tracy at [Karen@griffisblessing.com](mailto:Karen@griffisblessing.com) or 719-520-1234 for details and to volunteer your time to turn the above flower bed into a winner. Thank you for your support.
