

Become an Industry Partner to find a place to connect with Property Managers

Build Relationships

We are a fun group of professionals with vibrant networking opportunities throughout the year to help you make new connections and build a solid foundation for new work.

Professional Development

We have training programs, workshops, and certification courses. Partnering with IREM can provide access to these resources, helping you and your employees develop new skills and advance in your careers.

Brand Recognition

Partnering with our association can increase your organization's visibility and recognition within your target market of property managers, facility managers, and building owners.

Industry Leadership

Partnering with us allows you to demonstrate your commitment to the industry. By supporting IREM programs, you can enhance your company's reputation as a socially responsible corporate citizen.

IREM[®] Southern Colorado Chapter No. 53 is part of an international community of commercial and multi-family real estate managers dedicated to ethical business practices, maximizing the value of investment real estate, and promoting superior management through education and information sharing. IREM[®] promotes ethical real estate management practices for our members through our national credentialed membership programs, provides an opportunity to network at monthly luncheons and other events, and maintains a database of select, qualified vendors.

Industry Partner Program

Why Should I Become An Industry Partner?

The Southern Colorado Chapter No. 53 designed the Industry Partners program to provide a valuable exchange between a qualified group of service providers and our local IREM® Chapter members.

The Industry Partner program provides participating service providers with quality leads and exposure to local Associate, ARM®, ACoM, CPM® Candidate/CPM®, and AMO® members. Various educational programs and social events throughout the year allow Industry Partners to interact with property management professionals.

The Industry Partner program enables its participants to expand their business opportunities by providing IREM® members with a valuable resource of licensed, insured, and reputable vendors whose credentials have been reviewed by the local Chapter.

Purpose of the Industry Partner Program

The Industry Partner program aims to provide a professional vehicle for service providers, vendors, and suppliers to educate IREM® members and exchange information, network, and build lasting and valuable relationships. As an Industry Partner, you get to attend all of our events, unlike regular vendors. We do not allow outside vendors to attend our events, unless its for increased sponsorship events at our Economic Forecast Breakfast and Annual Golf Tournament.

Industry Partner Program

Program Description

Only the finest and most reputable professionals are invited to participate in the Industry Partner program. To be considered, prospective applicants must provide:

- Proof of required business and industry licenses
- Evidence of general liability and workman’s compensation insurance
- Two business references
- A recommendation from at least one member of an IREM® Chapter anywhere in the country.

The Industry Partnership is limited to two partners per industry classification. The IREM Board reserves the right to change this at any time.

Southern Colorado IREM Chapter 53 promotes and maintains strong business relationships between our Industry Partners and IREM® members. Because of this commitment to professionalism, renewal is not automatic, and each prospective and returning applicant’s credentials are reviewed annually.

The Industry Partner program will run annually from April 1st – March 31st. No prorations will be offered for midyear partnerships.
